Spring Break: Japan Trip

PRINCIPAL'S MESSAGE

Dear Memorial Parents & Guardians,

Happy Spring!

I hope you all had a wonderful spring break. It's a little gloomy out there today but the nice weather should be just around the corner. :)

It's also the time of year when we are deep into planning for next year. At this point in time parents should have tended to two important tasks.

- Completed 2024-25 online registration for next school year OR advised MCHS if your child will not be attending next year. (Parents of graduates, you are finally off the hook on this one!)

Had conversation with your student and completed course selections for next year online. That is new this year! Parents and students can sit together and complete course selections together. It is a great opportunity for conversations about life in the future.

THE BIKEATHON!! It is one of Memorial's premiere events each year. What a huge success!! We had more riders and more money raised for the Alberta Cancer Foundation again this year. The final total raised was over \$50 000!! Way to go Memorial!! While an event like this takes a team to pull off, gratitude goes out to Mrs. Thomas, Miss McGonigal, and Mrs. Richardson for taking the lead on this fantastic experience.

We welcomed back four international trips following spring break. It is great to see the world truly opening up for students. Groups went to Spain and Portugal, Japan, Germany and Austria, and Disneyland. What an experience! Thank you to the many teacher chaperones who gave up their spring breaks to supervise!

We are at about the halfway point of the semester. Check in with your kids regularly. PowerSchool is a parent's best source of information. With some effort, communication (if needed) and optimism, we can all get to the end of the school year successfully.

Ms. Jensen, Principal

MCHS General Information

PowerSchool

This is our parents' primary way to check in on their child's marks/assignments, update contact information, and pay fees.

Sign into your account [here](#). For a [tutorial](#) on how to use PowerSchool, please visit our websites "[For Parents](#)" tab. Please contact Ms. Reid, Mrs. Gemmill or Mrs. Girod at the office if you need assistance accessing your account.

Reaching Your Child At School

Cell phones can be a distraction and a disruption to classroom learning. Our teachers and your kids have worked hard together to come up with routines so that cellphones are not disrupting class. Here are some things for parents to know about communicating with their kids while they are at school.

During class time, your child has most likely turned off the phone and put it in a pouch on the classroom wall. They may not be able to respond immediately.

You can contact your child during their designated lunch hour:

Mondays: 11:25 - 12:25

Tues-Fri: 11:05 - 12:05

We appreciate your support in reaching your child directly to minimize disruption to classroom instruction. Of course, we are happy to assist in an emergency.

Reporting an Absence?

Please email mchs.absence@psd.ca

Please leave your [child's full name, grade, and reason for the absence](#).

If your student is [running late](#), please get them to check in to the office.

Picking up your child up early?

Please be aware that our phone lines are very busy between 2:45 and 3:30. There have been significant hold times.

To avoid this, please call in earlier in the day to advise of the absence. This will help you and the office. Thanks so much.

School Fees

Please note that school fees are not visible on the PowerSchool App. Access to all information is only available through the [PowerSchool website](#).

Payment Options:

- PowerSchool – Fees can only be seen through the parent portal using a browser. Fees can't be seen through the phone app.
- Cheque – Payable to Parkland School Division and may be dropped off or mailed directly to the school.
- Debit or credit – Is available at the high school or Parkland School Division.

If you have any questions, please contact Ms. Miller at the Finance Office.

Registration for Summer School is **OPEN**

<https://cfl.psd.ca/programs/summer-school-homepage>

Interested in taking a shop class this summer? Connections For Learning are offering a blended program in July. It provides the training for mechanics, construction, and fabrication that sets you onto the path to be eligible for grade 11. This program will give you the opportunity to choose which path is best for you. The first week students will be introduced to the introductory safety course mandatory for each shop. After that they can decide which shop/shops they wish to pursue and attain the necessary credits to be eligible for grade 11. You would achieve 4 credits in the course/courses of your interest and work through a credit redemption program during torch time over semester 1 in the following year. After achieving the final credit during torch time in semester 1 you would be eligible for that course in semester 2.
